Difference:

978

NOTE: The schools that are highlighted had adjustments made to them because of redistricting or ESL. James River was adjusted because the Leadership Program was increased in the 9th grade. Consequently, the other 9th grades in all the other high schools, except Community, were adjusted. Grange Hall and Winterpock were adjusted at the 3rd thru 5th grades to account for the CBG program moving from Grange Hall to Winterpock.
